BEST PERFORMANCE ON ANY KIND OF TRAIL

Similar to the "TX10.0", the TX6.5 is a tailor made carbon frame designed to withstand the stresses generated by disc brakes but without a rider weight limit.

Always very responsive and with good stability, the "TX6.5" is slightly heavier and is suitable to use on (all terrains/different types of path).

TUBES

Carbon 1K custom made

HEAD TUBE

1 1/8 - 1 1/2

SEAT TUBE

Option: integrated seatpost

BOTTOM BRACKET

BSA

DROPOUTS
